

ONE MORE MILE STONE IN THE ELEVATOR INDUSTRY

Bosch launches IOT based public infrastructure monitoring solution
Glimpses of the memorable event

A big shout out to Uday Haleangadi Prabhu, Dwarampudi Veera Reddy, Arjun Vasudev, Dr. Shobha Yaduraj State President of Karnataka Elevator Manufacturers Association and CEO of SEE IoT Solutions Pvt Ltd., are accompanied with Honorable Chief Minister of Karnataka Sri B S Yediyurappa.

Shri Krishna (VP/I,I), Dattatri S R (RBEI/BE-DD RBEI/EDA), Vijay Ratnaparkhe (CI/PCI/EG RBEI/P), Dr. Shobhayaduraj State President KEMA, Honorable Chief Minister of Karnataka Sri B S Yediyurappa, Soumitra Bhattacharya are showcasing the IoT Solutions.

- Honorable Chief Minister of Karnataka Sri B S Yediyurappa launches the IoT powered solution hailing it as a positive outcome of technology innovation.
- At the core is Bosch's Phantom product which is an intelligent platform that increases machine efficiency, provides input on critical safety, machine maintenance and early warnings on malfunctions.
- Can be retrofit, nonintrusive in Elevators, Escalators of any brand or technology to enable safer infrastructure monitoring.

Honorable Chief Minister of Karnataka Sri B S Yediyurappa unveiled an IoT enabled public infrastructure monitoring solution from Robert Bosch Engineering and Business Solutions Pvt Ltd., (RBEI). partnered with SEE IoT SOLUTIONS Pvt Ltd., No.779 4th Cross 11 Block Nagarbhavi Bangalore-560072. At the core of the solution is Bosch's Phantom, an intelligent ecosystem platform; analytics form the core of this solution and it is Phantom's purpose to bring advanced technology and insightful analytics to the users. This solution combines Bosch's unique strength in software, sensors and services to transform Elevators and Escalators into smarter machines.

Addressing a real need of the hour: "Bosch's IoT based solution is made in Bengaluru for India...to address a safety issue in our growing cities. Our solution will enable manufacturers manage a smooth and safe movement of a large number of people using public infrastructure", said [Vijay Ratnaparkhe \(CI/P CI/EGRBEI/P\)](#)

The Bosch solution is deployed in all Elevators and Escalators' of sky walks installed for and on behalf of the BBMP. M/S SEE IoT Solutions Pvt Ltd., is the implementation partner for this solution. Dr. Shobha Yaduraj, CEO, SEE IoT Solutions Pvt Ltd., and State President, Karnataka Elevator Manufacturers Association said, "We are excited to be the on-ground implementation partner of Bosch's solution. This solution puts technology in the service of the city. It addresses urban monitoring issues".

With more than 20,000 associates, RBEL in India is a powerhouse of technology and innovation. Engineers here are responsible for high-end technology innovation and delivering world-class solutions. But just as importantly RBEI and its engineers are committed to creating solutions that improve the quality of life.
